

ARFF_8-4-21_Crosses and Which Way to Turn

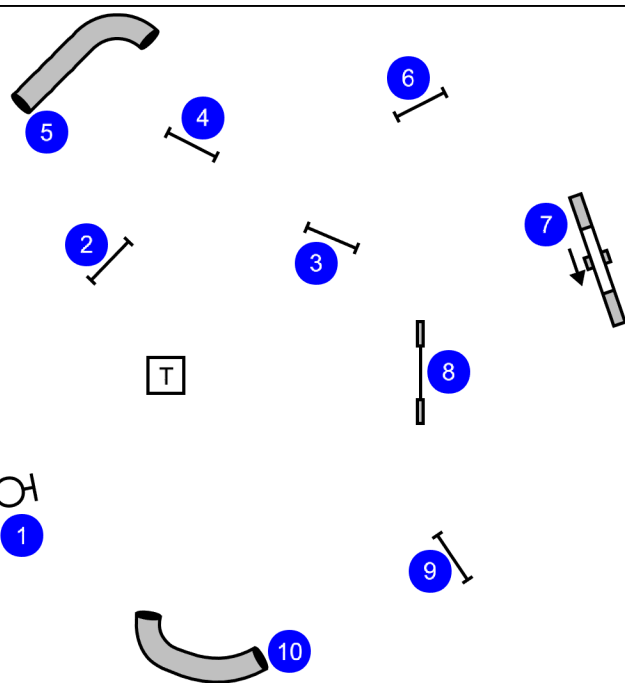

EASY: Simple loop with one cross

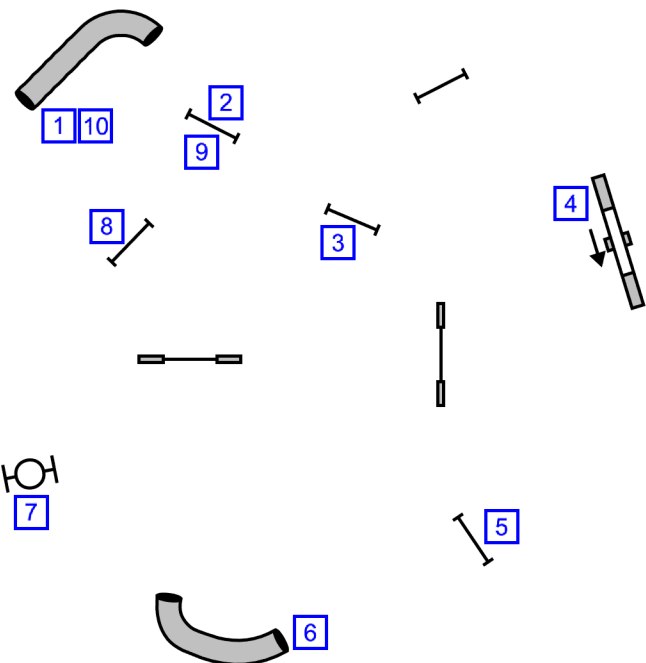

EASY: This sequence is 3 pretty straight lines. If you set up for them properly, you'll manage it easily.

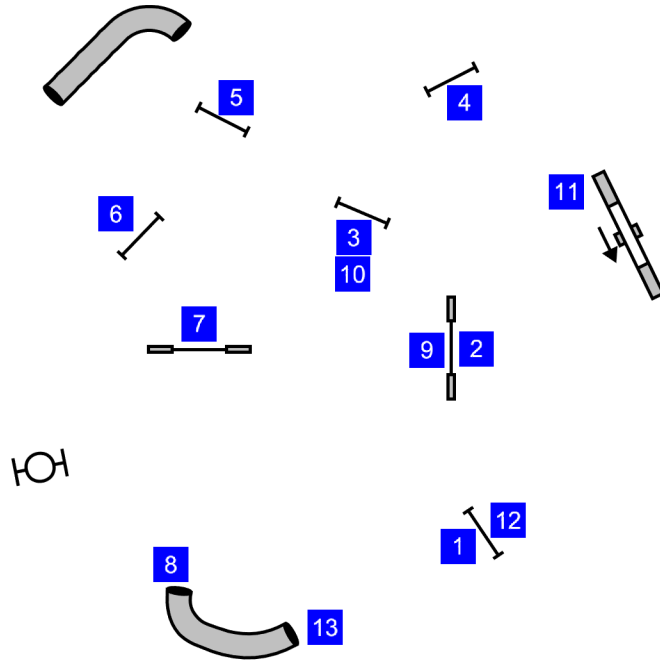

HARDER: How to avoid the wing on the way to #4? Watch the line from #3-#6. What to do after the #6 tunnel? Which way to turn after #8?

How handle #3-#7? A rear cross at the #5 tunnel would help. Which way to turn after #9?

#1 to #4 is a serpentine. Which way to turn after #9?

How to handle the opening serp and the turn to #5? Which way to turn your dog after #9?
