

ARFF_9-1-21: Tunnels and Weaves exercises

Adapted from Mary Mullen AKC 6/23/19

Light circles: Masters course

Dark squares: Premier

Straight tunnels encourage dogs to speed through them and exit quickly. Can you cue your dog to turn back and make a weave pole entry? Call your dog while he/she is in the tunnel to cue the turn at the tunnel exit? You may want to just work with cueing your dog to turn while he's in the tunnel.
