

Try both options

Try both a lead-out and sending your dog to the #2 & #4 tunnels.

Again, try a lead-out. Try both a front cross before #4 and a send to #4.

This is a serpentine. How to handle?

How are you going to bypass the tunnel?

Can you lead out past #2 to get dog on your left? Wrap #4 to the right.

<p>This should be pretty straightforward. Wrap #3.</p>	<p>Can you send your dog to the tunnel? Where do you want to be for #4-#7?</p>
<p>#1-#3 is a serpentine. Try lead out. Wrap #4 and front cross at #6 tunnel to call dog over #7.</p>	<p>Watch the backside of jump #3. Which way to turn dog after #3? Blind cross after #7?</p>
