

**ARFF 8-17-22: Challenging Weave Entries**

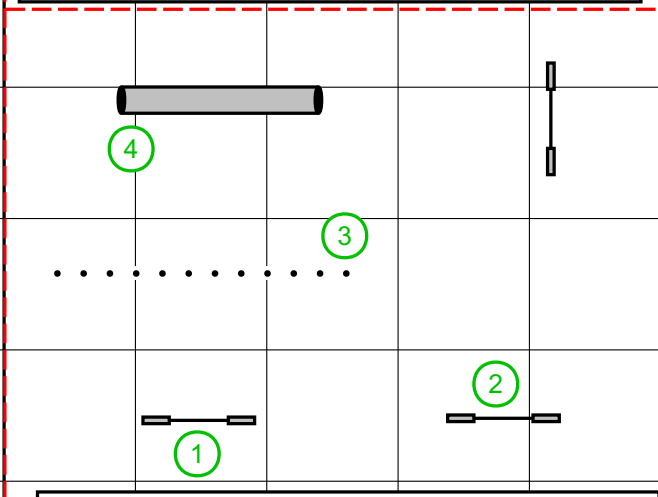

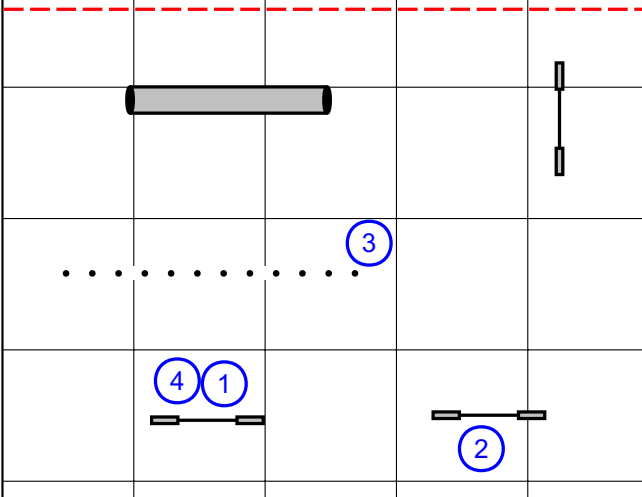

**Can you rear-cross into the weaves to get to #3?**

**Can you lead out to get your dog in the weaves and get #3?**

**If your dog is solid on off-side weaves, can you get ahead of him and cross to get to the tunnel?**

**This entry really tests your dog's understanding of the weaves. You may want to lead out at first, but work on getting an independent entry.**

**See how far you can send your dog to the off-side weaves.**

**Lead out? Which way to turn after #2? Again, will your dog allow you to cross in front of him at the end of the weaves to get to #4?**
