

**ARFF\_9-20-23: Layering Challenges, Exercise 1**

As you run past the "layered" jump, keep the arm closest to your dog and tell him "Out."

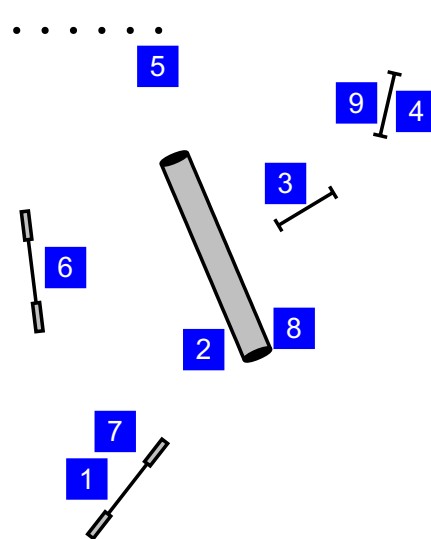

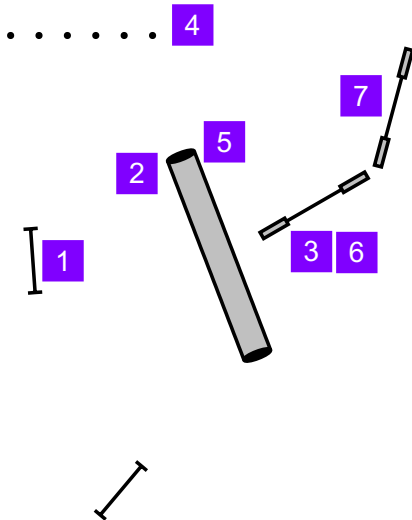

**ARFF\_9-20-23\_Exercise 2: Tunnel Sends/Layering Sequences**

Solid lead-outs and sends through the tunnel will help set you up for layering. If your dog doesn't send easily through the tunnel, practice first with a bait plate or favorite toy at the exit.

You need a lead-out to get to #2. Can you send you dog to the #7 tunnel?

Can you layer the #2 and the #7 jumps?

Front cross before #2 tunnel. Call dog over #3 and #6.

Can you lead out and call your dog thru the #2 tunnel? Try sending your dog from #7 to find the #8 tunnel entry.
